> With over 9 years of experience as a game designer and UI/UX specialist, I bring a profound passion for gaming to every project. I approach game design with innovation and a commitment to excellence, creating immersive experiences that resonate with players. My goal is to craft games that captivate audiences and leave a lasting impression.

Experience

Sep2023 - Present
Chief Creative Officer, Gods & Heroes Studio

I spearheaded a creative team in the development of the AAA sports IP "**Gods of Cricket**." My primary responsibilities included overseeing design, user experience, and branding efforts. Additionally, I managed various artistic sectors to maintain product quality standards. Through strategic direction and attention to detail, we delivered an engaging and cohesive experience for users while upholding the integrity of the company's brand identity.

July 2021 - Aug 2023
Senior UI UX Designer, Lila Games.

Lead a small team of UI UX Designers on their own IP called **Lila Black** (working title). Was responsible to create user centric UX flows and mockups for the game and work closely with game designers and CCO to bring their designs to useble menus and experiences. Also worked with the dev team to setup the UI pipeline for the assets to be integrated seamlessly into the final build.

Mar 2017 - June 2021
UI UX & Game Designer, Timuz Solutions.

As a game designer, I contributed to the success of multiple releases for their proprietary IPs on the Android App Store. Responsibilities included level design, UI/UX creation, and promotional content. These games spanned both 3D and 2D formats and were built on Unity Game Engine, ensuring seamless integration and optimal user experiences across all dimensions of gameplay.
